A good policy to follow!

Walking to my office the other day I passed by the stores and offices of the people in this community with whom I do business. I could not help but think how fortunate it is to have, so conveniently available, most of the services and help needed in our daily existence and provided by those whom we know and trust as friends and neighbors.

It made me feel good to realize that in my job as an insurance man I too contributed to the convenience and welfare of the members of this community.

I realize that in doing business with people who are close to you and whom you know, there is that personal touch and interest which cannot be obtained from distant locations and strangers. For that reason and the fact that it will increase the prosperity of our community and ourselves, I believe in the policy of buying from your neighbors.

mother. They also drove to Franklin, N. C. and Pickets, S. C. to see Mrs. Walls' brothers.

Landmarks of Growth in Farm Telephones

Every day, along rural roadways of the South, you see new telephone poles reaching for the sky.

Telephone service has been supplied to a lot more southern farms during the last three years than during any other three-year period in history. Right now Southern Bell is building rural lines at the fastest rate ever. And total telephone installations in southern rural areas this year will set a new record.

Telephone service is our business, and we are working to get it to those who want it as soon as we can. It'll be a good service, too—the kind for which America is famous.

Because the farmer serves everybody, serving the farmer is one of our most important jobs. And we're keeping right at it.

High Wind Storm Strikes Across North End Of City

Dark and lowering skies struck this section during Monday afternoon and during the balance of the day we had most every type of storm, wind and rain. A severe gust of wind came crashing

down on the city.

The Glades News Editor, Dr. Paul Phillips, Director of Family Relations, says a man may pay a bachelor for a job. We realize that a man can live as cheaply as a bachelor, but the expenses accumulate like the interest on a loan. However, it's his tough life that he's got to live. He's still more interested in getting his money than in getting his money. He's got to live on his own. We think the Doc's on the bank, but he's got to live on his own.

Played With Game Fish Over At Jensen Beach

Walker Pears and Carl Hayes, who love to wield the fishing rod and bait, spent Sunday fishing in the Indian river at Jensen and report a very successful afternoon of fishing with the snook, jacks and blue fish being pulled in sufficient number to fill the home cooler and harder. They also went back on Wednesday afternoon for another stanza of this fascinating sport.

Baldwin And Sewell Catch 5 Pound Bass

James Baldwin, of the prison farm, did a little bait throwing Sunday morning, and landed a five pound bronze back out of the Pelican Bay waters. "Sophie" Sewell also brought in a four pound fish. No entry have been made in the Parrish and Davis fishing contest so far this month.

His big fish have been eluding all invitation for rides on hook and line.

Local Teacher Hurt In Car Accident

Mrs. J. G. Cassellus of Chosen was seriously injured Monday evening near Port Mayaca when her car was struck and turned over several times.

She was rushed to the Pahoee Hospital by Berry's ambulance, and her condition is now reported to be improved.

Mrs. Cassellus is the former Emma Greenwood and has taught for several years at the Lincoln School. She is the mother of Mrs. T. E. Weeks and Mrs. Donald Langford.

Baby
A genuine live baby will be awarded after the regular Saturday night dinner for members of the Country Club, according to Johnny Tabl who is in charge of games. The grand prize grows each week.

Harold Rabin performed so well last week on a public address system loaned by the Lumbore Electric Company that he has been drafted to act again as master of ceremonies.

Mrs. E. A. McCabe is chairman of the dinner committee for next Saturday night, July 23.

A spaghetti dinner followed by games was largely attended by members last Saturday night. Food was prepared and served by Mrs. Roy A. Bair, Chm. Meslames C. J. Ansey, Sue Buck, Wm. Young, Carl Cone, Lou Betzner, E. M. Van Landingham, Tom Watson, Jr. and Miss Caroline Cone. The clubhouse was very attractively decorated with greenery, hibiscus and garden flowers by Mrs. Luther Jones.

Ladies' Day This Friday

LEAGUE STANDINGS

but it was a lulu, being hotly contested between Ralph's and the Lake Buick's, which was won by the former in a last inning rally by the close score of 6 to 5. Both teams put up good

fielding and bat work.

The protest which Billy's placed in the game which Billy's won over the Buicks was cancelled, and made of no avail on the action of the Buick manager. The protest was filed when the Billy player scored a run on a play on which umpire Mosely changed his mind making it a fair ball instead of a foul. Mosely, after the game, was man enough to admit that perhaps he had pulled a bone in this instance, but the decision was given before the damage had been done so far as the Buick's were concerned.

Fans had no reason to complain of the type of baseball they witnessed in the Tuesday night games between the Pontiacs and Buicks, and Billy's and Chevrolet, as the contests were the best brace of games that have been played this season.

The Majority of the fans for across the plate for the Chevy's for the Rabins team, and they did everything possible to rattle the nerve of "Papa" Pugh, but he just kept on pitching, placing his fielders, and hitting that old ball when it counted, and saw his team win by a score of 3 to 2. Buick presented a new twirler in Rice, but after he had walked two men and showed he was going to be wild, Barber replaced him, and pitched excellent ball. Both teams scored twice in the first inning, and then it was goose eggs until the seventh when the Pontiacs sent a runner across the plate.

Every Richmond was "hot" in the box the six innings he pitched and had the white wash sign on the Chevrolet lads. In the seventh, Harrell and Williams became the battery, but J. T. did not have the position of the home plate located, and as a result of walks and a couple of hits, three runs came across the plate for the Chevy's. Choate did the twirling for the Chevrolet lads, but had some good fielding back of him.

Billy's got a run in the opening stanza, three more in the third, and then the big explosion came in the sixth, when six more tallies came across the plate, making Billy's total ten runs.

FT. LAUDERDALE BEACH POPULAR THIS SUMMER

The Ocean Vista Cottages on Ft. Lauderdale Beach are proving to be a very popular vacation spot for Belle Glade people this summer. Those who have returned report it to be an ideal vacation beach with cool delightful cottages where the trade winds blow continuously.

Being only an hour and a half drive from here, makes it ideal for business men to transmute from their interests from this city to their families vacationing at the Beach.

Among those who have vacationed there are Mrs. Josephine Farmer, Mrs. Grady Edwards and son Jerry, Miss Norma Weeks, Mrs. Roy Lane, Mr. and Mrs. Charles Lane and daughter, Mr. and Mrs. Vernie Weeks and three sons, and Mr. and Mrs. Jerry McKee and three sons. The McKee's are remaining for five weeks.

One and two bedroom cottages are available that sleep up to six persons and they have very reasonable rates. They are completely furnished and linen and utilities are included.

Baby furniture, such as high chairs and cribs are provided, and Simmons' folding cots at no extra cost.

These cottages are located on ocean front property facing the beach, on South Atlantic Boulevard. Information will be given gladly by the close score of 6 to 5. Both teams put up good

fielding and bat work.

Job Placements Are On Increase In Our Belle Glade Agency

Total placements made by the Belle Glade office of the Florida State Employment Service during June totaled 118. This represents an increase of 35 over June a year ago.

A. M. Larimore, local office manager, reported that the normal increase of job applications began with the close of the school year as students and teachers sought summer work and graduates were entering the labor market. The usual decrease of job openings during the off summer season is also underway.

"The Belle Glade Employment Service office received 149 new applications for jobs during June of this year, as compared to 113 in June a year ago," Larimore revealed. "Of these, 107 were referred to employers for consideration."

Active application files at the Belle Glade Employment Service office show that a majority of those workers seeking jobs are seasonally unemployed sugar mill workers in the Clewiston area, seasonally unemployed farm hands and a few skilled mechanics in the building service workers. Job openings registered with this agency are largely for skilled and clerical workers including plasterers, brick layers, and bookkeepers.

Of 41 workers referred to non-agricultural job opening during the month by the Employment Office, 25 were successfully placed. Non agricultural employment was secured for 11 women and 8 men.

Both prospective employers and employees will find the active files of the Florida State Employment Service useful in meeting their job problems and needs. Write Larry Moore, Supervisor, 2244, 5-27-46-2247

Beach County Chapter since its organization in 1941. Fifteen cases have been hospitalized in the Polio Ward at St. Mary's Hospital this year. One patient is at Georgia Warm Springs for surgery, another will be sent for convalescence in August, and a colored child was admitted to Tuskegee Institute in May.

Mr. O'Connor's letter declared that "last year's epidemic, the worst in 32 years, exhausted reserves of the National Foundation. In the five-year period ended in 1948, the 86,374 cases of infantile paralysis recorded in the nation were more than double the 42,738 cases reported in the preceding five-year period. At the same time, per patient costs of hospitalization and medical care also have more than doubled in the last decade."

"At the same time, preventive to find a cure or prevent the disease has been stepped up to the limit of our resources. Now that many hopeful signs are beginning to appear, we cannot relax our effort in this direction. Unfortunately, 1949 incidence figures to date show no sign that any relief from the heavy toll of the disease experienced in recent years is in sight. Besides the heavy burden of care for cases carried over from previous years, we are now faced with a possible new heavy case-load this summer."

"While it is impossible at this time to predict how heavy this year's case load will be, here is grave danger that the record sum raised in the 1949 March of Dimes will prove inadequate to carry on the medical care and research program in the current year."

Mrs. Boyd pointed out that the effect of the Palm Beach County Chapter is temporarily at 172 So. Ocean Boulevard, Palm Beach, and that the Executive Secretary, Mrs. Ruth S. McQueney, will be glad to furnish information and literature to anyone asking for it.

Mr. and Mrs. D. C. DeHaven, now on vacation, are in company of a couple of friends, from Atlanta, who were married with them on the same day and occasion, and who have kept up a close friendship. The four left Atlanta for a motor trip to honeymoon points, in-

cluding Niagara Falls, New York, Washington, and to points in West Virginia and Ohio.

Recently made my first visit to the Boy Scout camp on the shores of Lake Osborne, at Lantana, and was agreeably surprised with what I saw there, in the way of an ideal camp for Youth work. Much has been done in the way of improvements but there still remains

ture set-up to complete the entire store-up. With the facilities there as provided, it will be the fault of the youth if they do not have healthful and entertaining summer periods of visitation. Lots of water for boating, bathing and fishing and woods for studying woodcraft lore. Ah, get my first view of the mammoth Tube culis hospital which is being built in that section, at a cost of around \$4,000,000. It is a massive structure capable of caring for 500 patients at a time in the manner in which the Government does matters in such a welfare and humanitarian way. It will be a haven of peace and home for many persons.

The farm lands over in the Lake Worth Drainage District have suffered greatly the past few months from the lack of rains, and many farmers purposely resisted from trying to raise crops. On the 10th of this month they had the first copious rain of the season, which was most thankfully welcomed.

Some of the softball teams are lacking players of a type to cope with the stronger teams more fortunate in the player draft. As the boys get to know each other, and learn to play together—as a team, some of the mighty classy ball is played and some messy ball, on occasion. Do not know an entertainment spot in Belle Glade where people can spend a more pleasant hour than just at the games, at so small a cost.

With the planting of the Royal Palm trees in front of property on SW 4th str. Prof. Hobson, has added a pleasant addition to his property and the neighborhood.

T. Plan to construct a federal highway stop government levee from Mayaca to Cleviston, which has been talked over since the breakwater was built. The coming of the levee for discussion purposes at least. It is stated that the state and federal levees are conferring on such a subject but how far it has reached is not yet divulged. However, the levee is in the hands of the state on record as having been built and is being urged the construction of what would be a direct and pleasant drive over the levee of the big mound. That 40 feet stretch of road, as it is, would be built, sure would be someone a pretty penny. What does money mean to the state or Federal bags, if they give the people something that it demands.

Bel's Glade Lodge of Masons when it gets its new temple home, will have one piece of altar furniture of which it will be most proud, and that is a large illuminated Bible. The Bible agent, told L. E. Willis, Master, that if she could get 10 copies of this particular Bible to lodge members, she would give the lodge a new one. She must have succeeded in her quest, for on a recent lodge night, the "Holy Writ" was duly presented and received in the same spirit of appreciation as the members of the lodge were now wearing key sash rings, namely Joe Cheatham Jr., and "Hitch" Hitchcock, who were presented rings which had been given to them by their fathers, each of which had considerable Masonic significance.

With the planting of the Royal Palm trees in front of property on SW 4th street, Hobson, has added a pleasant addition to his property and neighborhood.

The State law requires persons who employ members of the National Guards that leave of absence without loss of pay, must be granted. The city has enacted an ordinance granting such leave of absence to city employees when they are guardsmen.

Our colored citizens, pursuing a good contest to prevent liquor stores from going on West 12th Ave. E. Unfortunately, they do not have the proper information and procedure of action to win a winning fight for their objectives in not allowing either wine and beer package stores over in the residential section were valid. Their main issue was that they wanted to have a cleaner community, residential section

Mid-summer indications point to a mighty busy season in Glades. An area that can produce products valued at 50 million a year of need has to be a busy place. It must have a lot of capital to carry out the projects to secure these conditions, some times gains against great handicaps.

Steps are well along in organization of an official Children's Health Clinic to serve the South Hospital district. This is a step forward looking to better conditions in treating illnesses, diseases and injuries. The hospital has assigned quarters for the use, and equipment already in hand is ready for instant use. Medical and supervising personnel is available, and all that is needed to make it a success is money for operation. For a good public cause the little doubt but what savings will be provided from one source or another.

The City Waterworks department has lost a good tomer, for the Florida Coast Ry has abandoned its water station and its engines, as it did at Mayaca. With the introduction of the Diesel engines as the need of water for the ceased. Among the accumulation were several thousand of six and eight inch pipe, and several fire hose. Commissioner Lloyd has said that the city could use the plus stock in its extension and he made an advantage deal for its purchase, which been approved by the city mission.

A manufacturing company at Lakeland has built a new sorting machine, which in actual operation, can handle from 5-10 boxes of oranges a minute, and from 10-15 boxes of grapefruit. A similar patterned machine will sort and pack tomatoes at a similar rapidity. It is claimed the machine will be a great labor and operating expense saver in the packing house, and fruit will be of a more uniform grading.

He is admired for his broad vision in business affairs as owner of Pahokee store and partner in Belle Glade Store of Kahn's, and is held in high esteem for his public spiritedness. Born in Lakeland, where he attended Theological school in Vinho, he left there and came to America when he was nineteen years old. He first settled in Pelman, Georgia, later moving to Sebring, Florida, in 1925. After the Florida boom he moved to Moore Haven. In 1928 the hurricane blew away his business. A year later he established his Pahokee store and with a partner established a store in Belle Glade. Today, people throughout this area go to Kahn's for shoes, dresses, suits, ready-to-wear—in fact, for their general clothing needs for the entire family. Mr. Kahn attends Beth Israel Temple in West Palm Beach; is a member of Egypt Temple Shrine of Tampa and Scottish Rite Consistory in Lake Worth. He is also an active member of the Rotary Club. He has been an active member of the Rotary Club since 1923, and is a member of Belle Glade Country Club. His favorite sports interest centers in football; his hobby is reading and listening to good music. Mr. Kahn married Miss Ruth Iselson in 1937, and they have a son and daughter—10-year-old Alfred and 4-year-old Marjorie.		 Faye C. Can Again Select Branch Of Armed Services Desired

"Under new directives issued by the Department of the Army, men with or without prior mili-

tary service enlisting in the U. S. Army for a three to six year period may now choose one of five arms as their branch of service," Captain William F. Payne, Recruiting Officer, announced today. "They are the

Corps of Engineers, Armored Cavalry, Coast Artillery, Field Artillery and Infantry." This is the first time in three years that initial enlistees have been authorized to choose their branch of service.

"Applicants with no prior service in the Army or Air Force and initial enlistees may now enlist in the Regular Army for two years but can't choose their branch of service," Captain Payne continued.

Prior service men of the Navy, Coast Guard and Marine Corps are not authorized to rank in a two year enlistment but are eligible for the rank of sergeant at the time of discharge, if they enlist for three years or more and if they held their rank a long enough period of time.

"Two year enlistments have been suspended since last January," the captain said.

Fishing Camp On East Shore Of Lake Sold For Reputed \$45,000

Mr. and Mrs. W. J. Adams who for the past four years have operated the J and S fishing camp midway between Port Mayaca and Okechobee, according to deeds filed in Stuart, has sold same to Mr. and Mrs. Alton J. Hermann of Okechobee, for \$45,000.

The camp is surrounded by quite a park covered with woodland and a long riparian right on the lake shore.

Mr. Adams is reserving a strip on the south side of the tract, where he expects to carry on with his fish worm industry raising worms for both agricultural and fishing purposes. He also retains certain personal fishing equipment.

Sending Tourists With Money Down Over Route 27

How would you like to have a part of \$800,000.00? You have a chance every year, according to Bill Carr, executive director of Highway 27 Association. Carr states that each year tourists spend that much in Florida, and the Association is making plans now to direct a large share of this travel over U. S. 27 which passes through central Florida reaching such attractions as Silver Springs, Cypress Gardens and others. The Association plans to spend \$25,000 in northern advertising for the 1949-50 tourist season.

Martin County Bridges To Open Upon Coast Beach Along Coast

Martin county possesses some mighty fine ocean beach land, which has never been disturbed by the hands of man, for the reason that the section has no bridges to reach it.

The county now has the legal right to call a bond issue for the building two bridges, one across the St. Lucie at Stuart, and the other across the Indian river at Jensen; at an estimated cost of \$2,000,000. Such an election is to be held possibly in August.

Claim is made that the virgin land and the ocean front would be rapidly occupied and improved, and bring much wealth to Martin county.

*** CANADIAN ELECTED**

(Continued from page 1) out cans. The convention on Monday was addressed by Governor Thomas Dewey.

Walter C. Fisher, Queenston, Ontario, Canada, is the new president of the International Association of Lions Clubs. He was elected by unanimous vote at the 32nd annual convention of the Association, Fisher succeeds Dr. Eugene S. Briggs, Enid, Oklahoma.

The convention concluded one of the most successful years in the history of Lions International, according to the report made by Melvin Jones, Chicago, Illinois, Secretary-General and founder of the Association. He reported the addition of 757 new Lions Clubs and 23,282 men to the roster of the Association during the twelve-month period ended June 30, 1949, for a total of 74,427 clubs and 381,428 members.

He stated also that during the fiscal year Lions Clubs were established in four additional countries: France, Bolivia, Philippines and Norway. Lions International, he added, is the largest, strongest and most active service club organization in the world, with Lions Clubs in 26 countries on five continents. MORE MORE MORE MORT.

When Exalted Rulers Sam Berry and James Vann, of the Elks lodge at Belle Glade and Pakokee, went to the national convention in Cleveland, along with their wives, the plane from West Palm Beach, Berry gave the members of his lodge an outline of the convention activities, both as to business sessions and outside entertainment. He stated that the big features was the manner in which Grand Exalted Ruler Hall, of New York, handled the convention business; the address of the new Exalted Ruler, Emmett Anderson, of Tacoma; the big parades and various banquets. The Florida delegation banquets were outstanding, and many of the high officers of the convention and other states were honored guests. Great station came to the

FL Lauderdale team won the national ritualistic contest and its large award. The hall was packed when this team put on Florida delegation, when the its work. Under closer markings and contest rules, the Florida boys pulled off a 97 percent score. Berry stated that the sensational and colorful parade was several miles long, taking two hours to pass a given point, with fully 15,000 Elks marching behind many bands, brought by delegations or provided by the City of Cleveland schools. Hotel accommodations were crowded and many had to seek home accommodations. The 1950 convention is scheduled to meet in Washington, D. C., unless the Executive committee decided on a more suitable city.

On Tuesday and Wednesday of this week, Griffin had open camp at the Cypress swamp ranch, and many of the local Elks went down to enjoy the provisions which the host had prepared for their consumption. Three applicants were elected to membership and will soon be initiated, along with others elected, in the near future. The "kitty" is a sweet objective these meeting nights, but the fortunate "pill holder" does not seem to appear to claim the "sugar."

2-We must selectively advertise to procure prospects for year-round business.

3-We must follow intensive moving those prospects who manifest an interest in moving their plants to Palm Beach County. We must aggressively solicit new plants or branch plants.

4-We have a concentrated selling job ahead just as does any large commercial concern.

5-If Palm Beach County is to bring in new industries and provide employment for our people, the close cooperation of all local, municipal and county agencies is essential. Today, for prosperity, Palm Beach County citizens must stand together—politics, selfish interests and prejudices must be laid aside in order that we may have full and

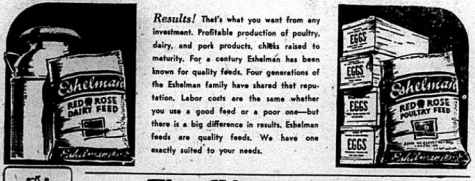

harmonious employment for our people here at home.

The survey of all sections of Palm Beach County reveals practically every town in the county is interested in developing concentrated plan as procure-

ing new industrial payrolls provided they do not in any way hurt tourist development. Chairman Stetson has just issued a statement to the effect that we must work upon a carefully concentrated plan as procure-

ment of new industries is the hardest and most difficult project confronting Palm Beach County. Every other community in America is seeking new industrial payrolls today and offering inducements.

None of the money collected from employers for unemployment insurance has been paid to the State of Florida. The Florida State Board of Industrial and Marine Insurance has paid out \$1,000,000 in the State's Readjustment Allowance payments.

Stuart Masons Will Build First Temple On Occoala Avenue

The Masonic lodge in Stuart is moving forward with its plans for the erection of a 40x60 foot one story temple on Occoala avenue, near the intersection of Occoala avenue. Fund raising has been going on for some time, and the committee has received the approval of the Grand Master given, With Belle Glade Lodge No. 1252, a \$25,000 temple, and the Stuart lodge is now

Stuart on Sunday, July 17th with a school of instruction.

Local News Changes Editor Ownership By 100 Percent

N. A. Perry, who has been the managing editor of the Highlands County News for the past three years with the first of July, 1936, has sold the paper to the new owner, Mr. and Mrs. W. M. Hetherington, former publisher of the Highlands County News. The paper is rated as one of the most substantial and progressive weeklies in the South.

State Broodings sold the paper to the Perry interests several months ago.

Mr. Hetherington is a former home in Kentucky
